We currently employ approximately 550 persons.

We are a franchisee of McDonald's Restaurants of Canada Limited and pursuant to our franchise agreement we are required to purchase designated food, beverages, packaging and equipment from supplies only approved by McDonalds.

We are in the fast food business, we order product, produce food and sell food. We also order toys and sell those in happy meals. We only make McDonald's approved food items, using their ingredients and their recipes.

We do not use any outside suppliers for the purpose of making and selling food. However, we do use services such as local lawn care for the care of our lawns, local garbage pick up companies etc.
