

Forced Labour in Canadian Supply Chains Report
 May 21, 2024

KMS Tools engaged with 36 international suppliers in 2023, the majority of which operate out of China but also include Taiwan, Korea, the UK, Italy and New Zealand. One of these suppliers we will no longer be purchasing from going forward, so they were omitted. We compiled a survey of these suppliers to self-report several aspects of their labour force, including whether they employ anyone under the age of 18, if any of those employees are under the age of 15, the working conditions those employees are expected to perform under and whether or not they have in place policies complying with the principles of the UN Guiding Principles on Business and Human Rights, International Bill of Human Rights and ILO’s Declaration on Fundamental Principles and Rights at Work.

Suppliers that had not responded were informed that there would be no further purchase orders issued until they could confirm what was asked of them.

The following is a listing of what has been confirmed by our suppliers based on our questions, along with the country in which they operate.
