Schaus Land and Cattle Co Ltd : Modern Slavery Report

We are a family owned farming company located in Ontario. Our primary business is the production of beef cattle along with corn, wheat and soybeans.

Our direct supply chain is entirely Canadian and consists primarily of the following : cattle purchases from Canadian farms and ranches, beef slaughter and processing facilities located in Ontario, crop input suppliers located in Ontario and crop elevators and processors located in Ontario.

We have been in business since 1972. We have carefully cultivated long term relationships with many of our suppliers. In addition, we visit and tour their facilities regularly. We are always concerned about our own reputation and cognizant of the impact that anyone in our supply chain might have. To that end we are diligent with respect to appropriate treatment of our own staff and do pay attention to the business practices and employee treatment found at our suppliers. We have not observed any evidence of mistreatment or shoddy business practices and would not be doing business with them if we did.

In accordance with the requirements of the Act, and in particular section 11 thereof, I attest that I have reviewed the information contained in the report for the entity or entities listed above. Based on my knowledge, and having exercised reasonable diligence, I attest that the information in the report is true, accurate and complete in all material respects for the purposes of the Act, for the reporting year listed above."
