Dear supplier,

SUPERIOR ALLOY TECHNOLOGY INC. would like to inform you about a new regulatory requirement stipulated by the Fighting Against Forced Labour and Child Labour in Supply Chains Act, which came into effect on January 1<sup>st</sup> 2023 in Canada.

In order to comply with this law and strengthen our commitment to social responsibility, we request all our suppliers to complete and sign the attached certification on the prevention of forced and child labour. This document outlines your commitments and responsibilities to ensure that neither child labour nor forced labour is part of your supply chain.

Please carefully read this document, sign it, and return it to us as soon as possible.

We thank you for your cooperation in addressing this very important matter and remain at your disposal for any questions or clarifications.

Sincerely,  
  
Rick Daigle, CEO

5/28/2024

## *Superior Alloy Technology Inc.*

### **SUPPLIER CERTIFICATION - PREVENTION OF CHILD AND FORCED LABOUR**

As of May 11, 2023, the Government of Canada has enacted the Fighting Against Forced Labour and Child Labour in Supply Chains Act (hereinafter referred to as the "Act").

SUPERIOR ALLOY TECHNOLOGY INC ("we") commit to complying with all applicable laws and operating in a manner that supports social responsibility. We aim to establish partnerships with suppliers who embrace these fundamental principles.

#### **STATEMENT ON FORCED LABOUR AND CHILD LABOUR:**

According to the Act, our company must exercise due diligence to manage our supply chain and prevent the use of forced labour and child labour at any stage of the production of our products and services. Considering that our suppliers are an integral part of our supply chain, we require our suppliers to ensure the absence of forced or child labour in their own supply chains and in the production of the products they sell. In this certification, the definitions of "forced labour" and "child labour" are as follows:

- 1. Child Labour:** means labour or services provided or offered to be provided by persons under the age of 18 years and that
  - a) are provided or offered to be provided in Canada under circumstances that are contrary to the laws applicable in Canada;
  - b) are provided or offered to be provided under circumstances that are mentally, physically, socially or morally dangerous to them;
  - c) interfere with their schooling by depriving them of the opportunity to attend school, obliging them to leave school prematurely or requiring them to attempt to combine school attendance with excessively long and heavy work; or
  - d) constitute the worst forms of child labour as defined in article 3 of the Worst Forms of Child Labour Convention, 1999, adopted at Geneva on June 17, 1999.
- 2. Forced Labour:** means labour or service provided or offered to be provided by a person

under circumstances that

a) could reasonably be expected to cause the person to believe their safety or the safety of a person known to them would be threatened if they failed to provide or offer to provide the labour or service; or

b) constitute forced or compulsory labour as defined in article 2 of the Forced Labour Convention, 1930, adopted in Geneva on June 28, 1930.

#### **SUPPLIER CERTIFICATION :**

By signing this certification, you attest and confirm the following as of this day and for all subsequent orders:

##### **1. Agreement**

- You have read, understood and agree to comply with the terms and conditions of this certification.
- You commit to adhering to all laws related to child labour and forced labour in all countries where your operations and those of your supply chain are conducted.

##### **2. Monitoring and Control**

- You confirm having detected no use of child or forced labour in your operations or your supply chain.
- You have implemented and will maintain an effective monitoring and control system to regularly review your operations and your supply chain to identify risks and to prevent the use of forced labour or child labour.

##### **3. Transparency**

- You will, as soon as possible, inform us if a situation contrary to the principles of this certification is discovered.
- You commit to providing us, upon request, with any document or information relating to forced labour or child labour in your supply chain.

##### **4. Remediation Measures**

- In case of violation, you commit to taking necessary corrective actions, including, but not limited to, establishing a detailed remediation plan and modifying or terminating concerned supply relationships.

## 5. Consequences in Case of Non-Compliance

- We reserve the right to terminate any business relationship with you, including any purchase contract, in the event of a false declaration or non-compliance with this certification.
- This supplier certification creates no rights for third parties. This certification supplements the provisions of legal agreements between you and us and does not replace them.

### **CERTIFICATION :**

I declare that I have the authority to bind the company named below and confirm the accuracy and truthfulness of the information provided.
