Forced labour in Canadian supply chains: submit a questionnaire

Data Management Disclaimer

Entities and government institutions must complete this questionnaire if they have reporting obligations under the *Fighting Against Forced Labour and Child Labour in Supply Chains Act* (Act). If an entity or government institution is unsure whether they are required to report, refer to guidance on how to prepare a report.

Entities must have their completed report approved by the appropriate governing body or bodies.

Completing this questionnaire, including attaching the PDF version of the entity's or government institution's report, is mandatory. The questionnaire is considered complete if all of the mandatory fields have been filled out and a report has been uploaded that meets all of the following requirements:

- Contains information addressing each of the legal requirements in subsections 6(1) and 6(2), for government institutions, or in subsections 11(1) and 11(3), for entities;
- For entities, has received the necessary approvals and includes the signed attestation;
- Does not exceed 10 pages in length, or 20 pages for reports provided in both Canadian official languages; and
- Is a PDF file that does not exceed 100MB in size.

For more information, please refer to the <u>guidance</u>.

Failure to complete the questionnaire is considered an offence under subsection 19(1). All

undertaken during the entity's or government institution's previous financial year before the reporting deadline of May 31, 2024.

There is no prescribed level of detail required for the responses. Entities and government institutions should use discretion in determining the appropriate level of detail proportionate to the size and risk profile of the entity or government institution.

Knowingly making a false or misleading statement or providing false or misleading information in the questionnaire responses or in the report is considered an offence under subsection 19(2).

Questionnaire responses will be stored by Public Safety Canada and will be disposed of in accordance with the Policy on Service and Digital, the *Access to Information Act*, the *Privacy Act* and the *Library and Archives Act*. The report itself will be added to the Public Safety Library's collection and will be subject to the Public Safety Canada Library Collection Development Policy. Public Safety Canada may proceed with the manipulation or translation of answers to align the bibliographical data of the report to Treasury Board Secretariat Standard on Metadata and Public Safety Canada Library cataloguing and description procedures.

Entities and government institutions are also required to publish their report in a prominent place on their website, in accordance with section 8, for government institutions, and subsection 13(1), for entities. Learn more on how to prepare a report.

An entity's failure to publish a report in a prominent place on its website is considered an offence under subsection 19(1).

Entities must complete the questionnaire and submit their report in one of the two Canadian official languages. It is recommended, however, that reports be submitted in both English and French, in order to make reports accessible to the broader Canadian public. Requests for translated copies of reports may be directed to the responsible entity.

Government institutions may complete the questionnaire in either official language, but are required to submit the PDF version of their report in both English and French, as per the *Official Languages Act*.
